## Just the One – getting into One Note – Monday June 24 9.30 – 11.00

Streamline your workflow with One Note, a program you already have access to that allows for free-form information gathering and collaboration. Incorporate notes, drawings, screen clippings and audio. Easily add and annotate information straight from the Internet. A practical program for teachers and students to manage information and ideas.

**Cost: \$44 inc GST**

## Fabulously Free! - Monday June 24 9.30 – 11.00

Explore free programs to use with you and your students. Create cartoons and flip books, explore image manipulation, become a digital artist and more. Explore programs that are part of your CFT laptop and download free programs that you can use with your students.

**Cost: \$66 inc. GST Receive a free wireless mouse – make your classroom interactive!**

## Making PowerPoint interactive - Monday June 24 12.00 – 1.30

Experience the Power in Powerpoint in this workshop and see how it can be the superhero instead of the villain it is sometimes viewed as. No Powerpointlessness here! Powerpoint is so much more than a presentation tool. Experience making interactives using action buttons, sounds and hyperlinks. Make games and drag and drop activities.

**Cost: \$66 inc. GST Receive a free wireless mouse – make your classroom interactive!**

## educating with edStudio - Monday June 24 12.00 – 1.30

Wanting a safe and secure environment for teachers and students to collaborate?  
Wanting to create lessons, projects or community activities which combine media from edTube,  
Learning Place resources and your own teaching resources? This workshop is for you.

**Cost: \$44 inc GST**

## Top tools and tips and tricks - Tuesday June 25 9.30 – 11.00
